IMPACT REPORT

Inspiring Sustainable Living

PERIOD	Jul 2026
GENERATED	2026-08-19

IMPACT AT A GLANCE

13 people People employed - full time	84.61% Share of staff from local communities	80% Local & smallholder procurement	30 guests Guests hosted
46% Renewable / clean energy share	— Average review rating	-0.036 Net carbon per room (tCO2e)	344 Total floral diversity (species)
29 Total faunal sightings			

COMMUNITY IMPACT

Indicator	This period	Notes
People employed - full time	13 people	from Attendance module
People employed - part time	2 people	
Share of staff from local communities	84.61%	
Women in the workforce	53.8%	from Attendance module
Women in leadership	50%	
Wages vs local minimum / living wage	1.25x	
Local & smallholder procurement	80%	
Invested in community projects	3,000 NPR	
Staff trained / upskilled	0 people	
Training delivered	0 hours	

CONSERVATION IMPACT

Indicator	This period	Notes
Bird species logged	14 species	from sightings log

Butterfly species logged	9 species	from sightings log
Mammal species logged	2 species	from sightings log
Single-use plastic avoided	30 bottles	from bookings (room-nights)
Water saved / treated	3.03532e+06 litres	from bookings, orders & rainfall

CULTURE IMPACT		
Indicator	This period	Notes
Local guides / cultural hosts engaged		2 people
Guest cultural experiences offered		2 experiences

CLIMATE IMPACT		
Indicator	This period	Notes
Carbon footprint measured	0.161371 tCO ₂ e	from Carbon module
Renewable / clean energy share	46%	from Carbon module
Carbon insetting (trees / sequestration)	0.688667 tCO ₂ e	from Carbon module

GUEST EXPERIENCE		
Indicator	This period	Notes
Guests hosted	30 guests	from bookings

OUR CONTRIBUTION TO THE UN SDGS	
SDG	Indicators we report against
SDG 1 — No Poverty	People employed - full time, People employed - part time, Invested in community projects
SDG 4 — Quality Education	Invested in community projects, Staff trained / upskilled, Training delivered
SDG 5 — Gender Equality	Women in the workforce, Women in leadership
SDG 6 — Clean Water & Sanitation	Invested in community projects, Water saved / treated
SDG 7 — Affordable & Clean Energy	Renewable / clean energy share
SDG 8 — Decent Work & Economic Growth	People employed - full time, People employed - part time, Share of staff from local communities, Wages vs local minimum / living wage, Local & smallholder procurement, Staff trained / upskilled, Training delivered, Local guides / cultural hosts engaged, Guests hosted

SDG 10 — Reduced Inequalities	Share of staff from local communities, Women in the workforce, Women in leadership
SDG 11 — Sustainable Communities	Invested in community projects, Local guides / cultural hosts engaged, Guest cultural experiences offered
SDG 12 — Responsible Consumption	Local & smallholder procurement, Single-use plastic avoided
SDG 13 — Climate Action	Carbon footprint measured, Renewable / clean energy share, Carbon insetting (trees / sequestration)
SDG 14 — Life Below Water	Single-use plastic avoided
SDG 15 — Life on Land	Bird species logged, Butterfly species logged, Mammal species logged, Carbon insetting (trees / sequestration)

Prepared with Himalchuli Impact and Operations. Figures are drawn from operational records, financial records, guest reviews and sightings logs. Where a number is absent it is "not yet measured".
